

# ESL 5 & 6 – Career Research

Your name: \_\_\_\_\_

During your first visit to the Library you practiced using the WOIS database to research a career with one of your classmates. Now you will have an opportunity to research a career that interests *you*. Please use the following resources to help you complete this assignment:

The Library Portal - <http://libguides.pierce.ctc.edu/careers>

The WOIS database - <http://www.wois.org/>

And/or the book that you checked out of the Library

What career will you research? \_\_\_\_\_

What is the title of the book that you checked out?

\_\_\_\_\_

Next, answer these questions about the career that you are researching...

<b>Interests</b>	What interests might attract you to this career?
<b>Training</b>	What training is required for this career?
<b>Programs</b>	What educational programs would help prepare you for this career? List the name of the program and any schools offering that program in Washington.

<b>Wages</b>	What is the yearly salary for someone new to this career?
<b>Outlook</b>	What is the outlook for employment opportunities for this career in the future?

**What questions do you have about this career?**

---

---

**What concerns do you have about this career—for example, are you concerned that the career requires a lot of training or that the career does not pay well?**

---

---

**Are you still interested in this career? Why or why not?**

---

---

---

**Which resource did you find the most helpful for this assignment—the Library Portal, the WOIS database, or the book that you checked out of the Library?**

---
